UNDERGRADUATION

- Federal University of ABC (UFABC) - Bachelor Degree **Computer Science** - (Conclusion: February 2025)

- Federal University of ABC (UFABC) - Bachelor Degree **Science and Technology** - (Conclusion: February 2024)

EXPERIENCE

Teleservice operator - Paschoalotto

August 2021 - April 2022

It was my responsibility to carry out transfers of calls in the support sector of Santander bank. Because of this, I have knowledge in spreadsheets and customer service.

Production assistant - Jornal Condomínios SA

October 2017 - February 2019

It was my responsibility to organize the clients who would participate in the newspaper and the formatting of each page following the request made by the client.

Automated platform installer

September 2018 - April 2019

It was my responsibility to install a platform that automated some services on whatsapp. Companies requested this service and I did, in addition to the installation, all the support for the customer.

OBJECTIVE

I look forward to an opportunity to do an internship in an area related to my graduations in science/technology and computer science. That way I can show all my skills and meet the company's goals. My focus in the field of computing is the specialization in data science. I really enjoy analyzing/refining data and I'm starting to learn Machine Learning. I intend to put my knowledge into practice and create a career plan.
